Minutes  
Special Board of Selectmen Meeting  
September 9, 2004

First Selectman Natalie Ketcham called the meeting to order at 2:40 pm. In attendance were Selectmen Tina Miller and Don Takacs, Police Chief Douglas Fuchs, ZEO Tom Gormley, resident Peter Greco, and two representatives from Georgetown Land Development Company.

Those present walked along the waterfront area designated for the Pond Trail, wherever access was possible. Property boundaries were identified and studied in order to assess impact. It was noted that there is very little land in the proposed trail area at the bend in the road, by the golf green and fill would most likely be required in that area to make a trail possible.

Tina Miller commented that the walk was very helpful, and on the motion of Don Takacs, seconded by Tina Miller, the meeting adjourned at 3:25pm.

Respectfully submitted,

Natalie Ketcham
